Do you wish to be scheduled for any double-headers even if the other teams may not be playing a double-header? \_\_\_

Double-headers may be required to complete the schedule. Some teams request double-headers due to traveling distance. The teams they may be playing may not necessarily have a double-header that day.

Please list all dates that you may have a conflict with during the Fall-2010 Season with the most important first. Also list any other information that may be useful to the scheduler. An effort will be made to schedule around all your listed conflicts. Please attach extra pages if needed. Please see the Calendar on back of form for important dates.
